

With an unmatched reputation for performance and reliability, SUPRA is a range that has always known how to anticipate and evolve with market and customer needs.

Today, we are associating our world-leading multitemperature technology to make the latest SUPRA range available for your multitemperature applications too.

This multitemperature range brings you all the benefits of new technological developments, as well as unparalleled low levels of noise for operation in noise-sensitive areas.

► **Total flexibility for multi-product deliveries** with a new generation of ultra-slim evaporators that can be adapted to any configuration requirement

► **Exceptional performance characteristics** for enhanced product protection even with frequent door-openings

► **Exceptional reliability** of components field-tested for years with the market-leading SUPRA range

► **Improved service accessibility** that reduces maintenance time and saves costs

► **Greater ease of use** with EasyCOLD® microprocessor control

► **Unheard-of sound levels** reduced up to 4 decibels with the ultra-low noise kit.

■ **Condenser**

**Dimensions**

1995 x 940 x 699 mm

**Required box opening**

100 x 100 mm

**Weight**

T Model: 569 kg

S Model: 566 kg

X Model: 573 kg

■ **Refrigeration capacity**

-20 °C / +30 °C: up to 6200 W

**T model**

HFC R404A refrigerant

1,1 litre Tri-Vortex diesel engine

05G 6-cylinder compressor

Standby motor

Remote plug

Low-noise sound control kit

Automatic hot gas / electric heating and defrost system

Manual defrost

Directly accessible oil gauge

Moisture indicator

Two sight glasses to monitor refrigerant level

Dry air, fuel and oil filters

50-amp 12V alternator

220 V generator

Accessory package (electric fuel pump, fuel lines, battery cables)

EasyCOLD® Microprocessor control system

**S model**

Version without low-noise sound control kit

**X model Silent**

Ultra-low noise system with an identification and elimination of noise at its source

**Accessories**

Battery

Battery box

Fuel tank 90 or 200 l

Automatic phase reverser 400/3/50Hz

Control panel & cable extension

Door switch

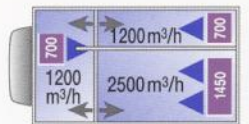

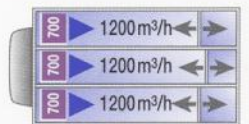

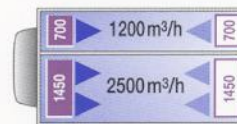

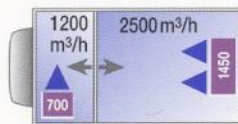

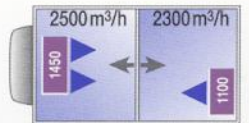

Bypass oil filter

Engine oil drain extension

Fuel heater

**Microprocessor cab command:**

- proven reliability
- easy to use
- servicing functions

□ Extension kit

Total flexibility in multi-product deliveries with the new configurations of the SUPRA 950 Mt° available with its ultra-slim evaporators range. Other configurations are available upon request.

Specifications are subject to change without notice.

500 Carrier service stations in Europe, Russia, Middle East and Africa
